Response to Amendment

The following is in response to the amendment filed on February 27, 2008.

Allowable Subject Matter

Claims 1, 5-8, 10, 11, 14, and 19-21 are allowed.

The following is an examiner's statement of reasons for allowance:

In an arrangement for moving a sealing element against a moving fabric in a paper machine wherein the sealing element comprises at least one labyrinth seal covering the entire width of the fabric, the prior art does not disclose or suggest a bellows for moving the sealing element relative to the fabric where upon depressurization and contraction of the bellows the sealing element is adjusted away from the fabric by gravitational forces and upon pressurization and expansion of the bellows the sealing element becomes adjusted nearer to the fabric by the bellows.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

Applicant's arguments filed February 27, 2008 have been fully considered. In view of the arguments and amendment to the claims, Applicant has overcome the rejection under 35 U.S.C. 103(a) over Jokinen (WO 00/50693) in view of Kahl (US 6,740,204) and Anderson (US 6,592,721). It is recognized that neither reference alone or in combination suggests the claimed manner by which the bellows adjusts the sealing element relative to the fabric.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Eric Hug whose telephone number is (571) 272-1192.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Steven Griffin can be reached on 571 272-1189. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
